

For Holidaymakers

We know you have concerns about the current Coronavirus situation and how this affects your planned holiday at Bunn Leisure. In light of the recent announcement by the Government, we are currently closed to Holiday Guests.

We are contacting everyone who has a break booked during the coming weeks. We would like to thank our guests for their patience whilst we work through this as quickly as we can.

When we contact you we will be offering you a choice

1. Choose an alternative date to stay with us in 2020.
2. A full refund of any money paid to Bunn Leisure

If you would like to rearrange your dates for later in 2020, please send us an email at holidays@bunnleisure.co.uk with your current reference number and tell us what your preferred choice of new dates would be. We will assume the party makeup and grade choice would remain the same, and we will email you back with your new confirmation. We would appreciate that you do this as soon as possible before you arrive, so we know what everyone's plans are.

Please do bear with us and our hardworking team members at this time. We are extremely conscious that this is frustrating for everyone concerned, and that you just want to get things resolved quickly and easily.

Our teams are working as hard as they can to make contact with as many of you as possible, however it may take several days for us to connect with everyone.

The Bunn Leisure Team
